Framework for *Human Trafficking* Engagement

1

Be Willing. Be Bold

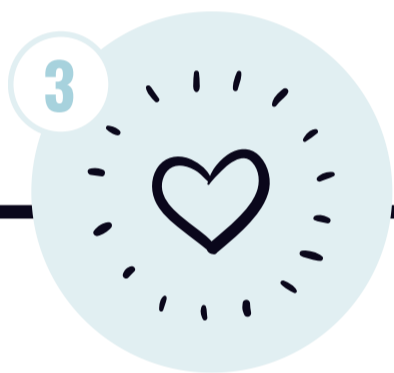

Let your passion be your fuel. This will propel you forward with gusto and help sustain your grit.

2

Create a Vision

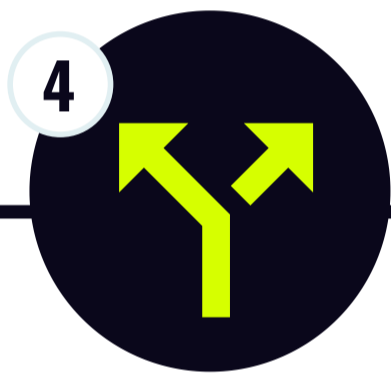

Be intentional. Envision the impact you see yourself making. Be descriptive. Don't hold back.

3

Be Committed

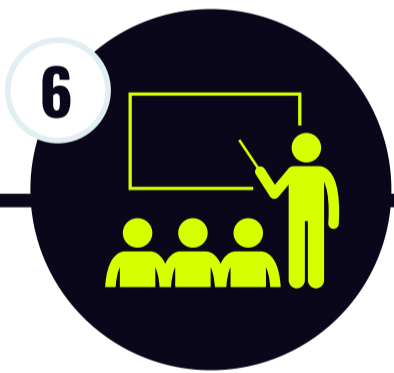

How far are you willing to go? Are you in this for the long haul or just for a seasonal period of your life? Be real with yourself.

4

Know and Stay in Your Lane

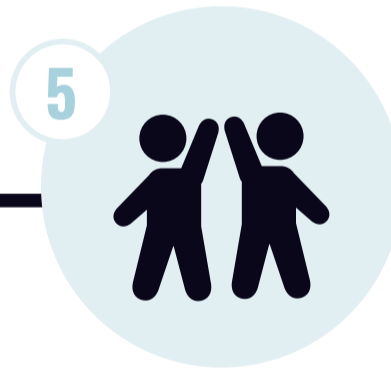

You will be the most effective and influential in the role that best utilizes your talents and skillsets. Stay true to yourself.

6

Get More Training

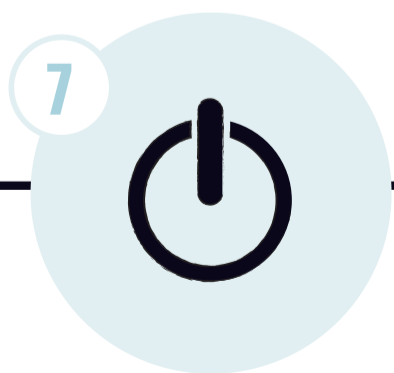

Trafficking is constantly evolving and you'll always need to level up to stay on top of it. Learning more helps you help in more effective ways!

5

Volunteer or Intern

Hands-on experience in the area you want to impact is *the* best teacher. Get your feet wet.

7

Just Start Already

Don't hesitate. Don't talk yourself out of it. Once you take the first step, the next step will appear. Just take the initiative and go for it!
